2020 C.A.S.P.E.R. Youth Volleyball Program

This year due to COVID-19 each team will need to follow the guidelines provided by the State and our local Health Department. Below is the list of guidelines each player and team will need to follow.

Youth Volleyball Season

- This proposal would meet the current state guidelines for groups of no more than 50. For Youth Volleyball, this is adjusted to provide space for 15 players with 1 official per court.
- 2 parents/guardians/adults at games.
- Teams will need to leave the gym immediately after the game is over.
- Teams must maintain social distancing when entering and leaving the facility.
- No congregating outside the gym lobby after the game is completed.
- Each team will be required to hand sanitize before each game, hand sanitizer will be provided for your protection.
- Face coverings are recommended for staff and sectors.
- After each game, the gym supervisor will sanitize each volleyball before the next game starts.
- We recommend that players do not share equipment or personal items with teammates.
- Team meetings must honor the social distancing requirements.

We understand that there are many new requirements for this season. The City of Casper Recreation Division is following the State and Local Health Department requirements. If the requirements are changed we will implement a new/modified plan for our program. We appreciate your understanding and support.
